

Cloud 9

J. Holiday

(Chorus)

You gon be on cloud 9 tonight

You gon be on cloud 9 tonight

You gon be floatin baby

You gon be floatin baby

We gon be on cloud 9 tonight

We gon be on cloud 9 tonight

We gon be floatin baby

We gon be floatin baby(Verse)

There's some things I wanna do to you

But promise you ain't gon judge me

And this gon be so good to you

I promise that you gon love me(Pre-Chorus)

I wanna put my tongue in places

Baby let me taste it

Hope that you can take it

Ain't no time for wastin

Legs up to ceiling

Got you yelling and screamin

You're now speakin to my body(Chorus)

You gon be on cloud 9 tonight

You gon be on cloud 9 tonight

You gon be floatin baby

You gon be floatin baby

We gon be on cloud 9 tonight

We gon be on cloud 9 tonight

We gon be floatin baby

We gon be floatin baby(Verse)

Oh baby puff puff pass

Give me some of that

You gon do it like that

Make a nigga come right back

Hey girl I got a appetite

You better not hold back

Cus we're passin the clouds, goin straight to the moon(Pre-Chorus)

I wanna put my tongue in places

Baby let me taste it

Hope that you can take it

Ain't no time for wastin

Legs up to ceiling
Got you yelling and screamin
You're now speakin to my body(Chorus)
You gon be on cloud 9 tonight
You gon be on cloud 9 tonight
You gon be floatin baby
You gon be floatin baby
We gon be on cloud 9 tonight
We gon be on cloud 9 tonight
We gon be floatin baby
We gon be floatin baby(Bridge)
I'mma give you all I got
That's a guarantee
Won't stop until I get the spark
Gon power up yo love(Chorus)
You gon be on cloud 9 tonight
You gon be on cloud 9 tonight
You gon be floatin baby
You gon be floatin baby
We gon be on cloud 9 tonight
We gon be on cloud 9 tonight
We gon be floatin baby
We gon be floatin baby
