Need A Lover

Divinyls

Tell me mirror, mirror, mirror on my wall
Who is the fairest, the fairest of them all?
Tell me fortune teller, look into your crystal ball
A love for me romantically, tell me will I fall
For someone good looking? What's the color of his hair?
Does he have a fortune? I really just don't care
If he needs the money I'll gladly pay his fare
Summon him this very night, what style should I wear my hair?
For my lover, I need a lover
Dearest fairy godmother, please wave your magic wand
Please send me someone to whom I can hold on
Genie in the bottle, do you hear my plea?
If you don't answer my call I'll throw you back in the sea
I rule my bed alone each night, what a poor state of affairs
Please send me someone who really cares
Send me out a Valentine in a puff of smoke
To curl around my body, passionate feelings will evoke
Like a lover, I need a, a lover
A lover, a lover, lover, lover, a lover
I need one
Fantasy and phantasm, whatever turns you on
Don't let your mother tell you, you're doing something wrong
I use any avenue of thoughts which I am fond
Oh, how I wish someone would come along
And wave their magic wand, oh, oh, oh, oh, oh, oh, oh
Merlin in your castle cast me a spell
Conjure up some magic that you do so well
Witches in your towers mix me a potion rare
Please use all your powers for this maiden fair
High priestess of the voodoo, please reverse this curse
That causes me to write to you this long and lonely verse
I rule my bed alone each night, what a poor state of affairs
Oh, please send me someone who really cares
Like a lover, a lover, a lover, a lover, lover, lover
A lover, a lover, lover, lover
A lover, a lover, lover, lover
