Sir Greendown

Janelle MonÃ¡e

Sir Greendown
Come wake me in the night
The dragon wants a bite
Of our loveThe flower and the golden hand
Wooden wings and clouds of sandSir Greendown
Let's leave in an hour
Meet me at the tower
Ride your horseHere the dolphins walk like men
Here the cyborgs have a plan
Sir Greendown
I need your shining lightLet's leave in an hour
Meet me at the tower
I'm in love.
