

Think

James Brown

Hey, think about the sacrifices that I made for you
Think about the good things I done for you
Hey, think of all the bad things I tried not to do, baby, baby
Think of all the wrong things you did to me too, come on Think about the good things, baby
Think about the wrong things maybe
Think, baby, about the right things
Think about the outta sight things
Lady, before you leave me, realize I'm the one who loves you How much of all your happiness can I really claim
How many tears have you shed for which I was to blame
I, I, I don't remember what they brought
I tried so hard to please you, at least that's what I thought, come on Think about the good things, baby
Think about the wrong things maybe
Think about the the things I wouldn't do
Think, what I've done for you
Lady, before you leave me realize I'm the one who loves, hey Think of all the sacrifices I made for you
Think of all the good things, ooh
Think of all the bad things I, I tried not to do
When you get tired, you think about the good things
Done for you, come on, Reece Think, babe, about the good things
Think, just sit on down and
Think, just sit on down and
Think, just sit on down
Think, think, think, hey hey Think, just think on, baby
Think, if you getting tired
Think, sit on down, think, sit down
Think, hey, think, hey
Think, baby, think, yeah Think about the sacrifices I made for you
Think about the hard times I, I have spent with you
Think about the good things
Think about the good things, come on now Think, think, baby, think, and don't you forget to
Think, hey hey, think, never, never, never make me fret
Think, think, think, think, hey hey Think, and don't you forget
Think, how much of your happiness
Think, can I really claim
Think, tell me how much of your happiness
Think, can I really claim, hey
