

I Wouldn't Believe Your Radio

Stereophonics

1 2

1 2 3 4 Travelling through a tunnel under sea
You never know if it cracks in half
You're never ever gonna see me But you can have it all if you like
You can have it all if you like
And you can pay for it the rest of your
Life, life I wouldn't believe your wireless radio
If I had myself a flying giraffe
You'd have one in a box with a window But you can have it all if you like
You can have it all if you like
And you can pay for it the rest of your
Life, life Life in the summer's, on it's back
You have to agree that that's the crack
So take what you want, I'm not comin' back So you can have it all if you like
You can have it all if you like
You can have it all if you like
You can have it all if you like
And you can pay for it the rest of your
Life, life
Life, life
