

Your Sister (feat. Too Short)

TQ

Id like to think back to when we spent the weekend
(Cuddled baby)
Your sisters boyfriend started trippin
(And left her lonely)
After you went to sleep, I spent the night out on the beach
Laid up on her body, how can I keep from hittin? And every time I came to your house
She always kissed me in the mouth
And always stickin her tongue out
When you wasnt lookin
Said, "I wanna fuck your sister" Now weve been messin round a long long time
Now I wanna fuck your sister
I now it sound far but thats alright
'Cause why should I have to bullshit cha
I cant help it shes the one thats on my mind
Every time that Im wit cha
I know we mess around a long, long time
Now I wanna fuck your sister She comes to greet me when I ring your doorbell
(Lookin like cavege)
She stands behind you in the kitchen
(Starin at me)
Id like to see her when shes gettin out the shower
(All the things she used to tell me when you wasnt listenin)
Now the fridge is gonna get cha Aint no need for us to stop messin around
(No)
I jus wanna hit it for an hour when she get out the shower
(On the sink, guaranteed not to make a sound)
And you know you shouldnt have to be gettin mad at me
I cant help it if I want that ass badly
So in the middle of the day when nobody else is around
Ill be fuckin your sister Its time to wake up and control my on destiny
I cant let my addiction for her get the best of me
I ain't givin up and Ill never stop tryin live it up
'Cause there ain't reason to by lyin to you
You might as well know, its goin down
You wastin time askin me, "When, where or how?"
Its a neutral thing between me and your sister
How you gonna feel when you seein me kiss her Ever since she was young, I knew I would get her
Waitin this long to fuck can only make it better
Its like way back when, when I was tryin to get wit cha

Im tryin' to keep it real, girl Im not tryin' to bullshit cha
