Yeah  
Yeah, yeah  
Yeah  
Yeah, yeahOne life say no apology  
Giving me your reasons  
Insane you blame hypocrisy  
In the killing seasonCalm frustrations, out of patience  
Narcissistic whoreOne, two, three  
Lessons never learned from me  
Watching as you burn  
So nice to meet you  
Lessons never learned  
Yeah  
Yeah, yeah  
Yeah  
Yeah, yeahMain line JD a memory  
Can't stop the bleed through  
Stand down admit to your defeat  
So nice to meat youMedicated, trauma patient  
Narcissistic whoreOne, two, three  
Lessons never learned from me  
Watching as you burn  
So nice to meet you  
Lessons never learned  
When were young we used to fuck shit up  
When were young we used to fuck shit up  
When were young we used to fuck shit up  
We used to hammer everything with a heart beat, beat  
30 years old and we lost control  
Threw it all away like a dead beat, beat  
When were young we used to fuck shit up  
We used to hammer everything with a heart beat, beat  
30 years old and we lost controlOne, two, three  
Lessons never learned from me  
One, two, three  
Lessons never learned from me  
Watching as you burn  
So nice to meet you  
Lessons never learnedYeah
