Im gonna hit it and against the rock  
Im gonna hit it and against the rock, hit it  
Im gonna hit it and against the rock, hit it  
Im gonna hit it and against the rock, hit it  
Im gonna hit it and against the rock, hit itI skipped the part about love  
I skipped the part about loveIm gonna hit it and against the clock  
Im gonna hit it and against the clock, hit it  
Im gonna hit it and against the clock, hit it  
Every minute and against the clock, hit it  
Im gonna hit it and against the clock, hit itI skipped the part about love  
I skipped the part about loveI break my heart with a frying pan
