Committed

Pete Yorn

It's alright
I won't commit my friend
And if you pay for your mistakes
You can break apology
It's just fine

I won't commit my friend
When you come back from your escape
You can make a person's day

Cos it's your time

You come back and you don't tell the truth to me, no more

It's alright

I won't commit my friend
When you come back from your escape
I don't need apology
Yeah it's just fine

I won't convince my friend

And you don't know just what to say

Once you make your plan you follow it just right

I know you never meant to let nobody down

You never feel the way I found

Come and see

Oh, I won't commit my friend You won't pay for your mistakes

And I don't make apologies
Yeah it's alright

I won't convince my friend

When you don't know just what to say

I don't think I'll ever come to hear it all

You wanna feel so bad for doing nothing all this time

You're doing nothing

(you just feel left out!)

You're always up to no one's business

Always up to

Only witness

When you come back from your escape Then I could follow you to hell.
