

# Fighting For You

## Emilia de Poret

Don't wanna say goodbye  
Don't wanna hurt you now  
Don't wanna make you cry Too many word that have hurt  
I know we didn't mean at all  
I wish you could see how I'm haunted by your love  
I know we had it tough  
Fought enough to make them feel insecure  
But they don't see the good how we make each other grow [Chorus]  
So I won't let them win and let you go  
Turn around, I don't wanna hurt no more  
I know what we have is true  
So I keep fighting for you  
I keep fighting for you  
I keep fighting for you  
Baby, I keep fighting for you I know we work it out, make it right  
We gonna keep holding on  
A love like this don't last but I know we'll prove them wrong  
Baby, baby, baby What we feel is too strong  
We can beat all the odds  
With love, they're wrong  
The can say what the want  
What we feel is too strong  
We hold on, we can beat all the odds  
We can beat all the odds with love  
Baby, baby [Chorus]  
So I won't let them win and let you go  
Turn around, I don't wanna hurt no more  
I know what we have is true  
So I keep fighting for you  
Won't turn my back and close the door  
Don't leave me crying on the floor  
I keep fighting, keep fighting,  
keep fighting for you
