

Rat Race

The Gift Of Gab

Running, moving, stressing, fussing
Cussing, drinking, smoking, killing
Dying, stabbing, shooting, thinking

Walking, pacing, running, falling All the bull stop's here, I'm the matador
Here to introduce a new rap category
Climb on top of my music, mine Matterhorn

Rhyme for rhyme, you don't really wanna battle boy Just another clip added in my catalog
Get your money young playa, I ain't mad at y'all
Here to bring soul like Stas-Gladisol

Drop the fatter raw verbal mic analog Sorry y'all, but I didn't bring a gatt along
Just a pen that does tricks like a magic wand
Get my cadence and a whole rap pattern on

As the sky just falls over Babylon Travel on Pluto, Venus, Earth, Saturn on
To the place many sane brains haven't gone
When it come to this here 'specially in this year

Frankly, I don't have it all Running, moving, stressing, fussing
Cussing, drinking, smoking, killing
Dying, stabbing, shooting, thinking

Walking, pacing, running, falling Striving, climbing, scratching, clawing
Growing, knowing, guessing, acting
Working, looking, peeking, seeking

Peeking, counting, seeking, searching It's the gift of Gab's new rap seminar
Male groupies, please show me where the women are
In a world full of shyest type criminals

Make a LP filled like cinema Bring light like a rhyme prime minister
Send ya up write it off on adrenaline
On a scale of one to ten it's a ten and a

Half, feel my wrath now, sucka nigga what? Used to puff on a daily pack of cigarettes
'Til I bought a pack of chewin' gum, Nicorettes
Come to find that I had to get rid of that

Now at shows, I got more wind in the set Wrote a alcohol free song in the next
Thirty days drunk again like hypocrites
Dude, my ego isn't quite that deflated yet

Signed a deal with a major haven't made it yet Got a past cable bill haven't paid it yet
Crazy wit', now I love my life takin it
Where it hasn't been taken yet

Go against the grain of the rat race daily it's Running, moving, stressing, fussing
Cussing, drinking, smoking, killing
Dying, stabbing, shooting, thinking

Walking, pacing, running, falling
Striving, climbing, scratching, clawing
Growing, knowing, guessing, acting
Working, looking, peeking, seeking
Peeking, counting, seeking, searching
