Weight Of The World

Toby Lightman

I know that I cannot run from all the bad
Things I've done
I know there's nothing I can say that can wipe
It all away
My heart is telling, while tears are welling up
In your eyes

And I feel the weight of the world tonight
I don't want to be the one to hold you down
'Cause the weight of the world is too light, and
I'm heavy
And ready to make it right

I know that I cannot hide from all my flaws
And push them aside
There's no way to undo the mess I put you through
Now you're raining down on me
And your tears make it hard to see what I've done
I'll make it better, I'm gonna wipe it all away
I'll make it better, I'm gonna wash it away
I'll make it better, I'm gonna try to erase everything
