Still Waiting For The Sun

Trash Talk

Every morning when i wake up
I wonder how much longer i can take it
You've got the plans to be
But now you're thinking less of me
I don't think nigh i'm gonna make itEvery night, i lay myself to sleep
And wonder how much longer this'll last
I never thought that i can't seem to get my shit together
Sometimes i wonder, will i ever?Still
Water runs deep
You'll never scratch the surface
You'll never make them bleed
Still
Water runs deep
And i can't find the forest
Throughout the fucking treesSometimes i find myself staring at the sun
Like maybe it's gonna burn out
But then i get to thinkin',
Or get to drinkin',
And there's a shred of doubtLate at night, i crawl inside my head
And think of all the things i could have done
Or should have said
Another year,
I still can't get my shit together
Sometimes i wonder, will i ever?Still
Water runs deep
You'll never scratch the surface
You'll never make them bleed
Still
Water runs deep
And i can't find the forest
Throughout the fucking treesI don't think that i'm gonna make it
Use every punch i make
I gotta break it
Is any morsel left?
I gotta take it
But that don't bother meAll these intersections
And no direction
Cause there's a fork in the road
No matter what i do

I know
That you'd follow me
Everywhere i'd goStill
Water runs deep
You'll never scratch the surface
You'll never make them bleed
Still
Water runs deep
And I can't find the forest
Throughout the fucking trees
