

Killing Loneliness

Him

Memories, sharp as daggers
Pierce into the flesh of today
Suicide of love took away all that matters
And buried the remains in an unmarked grave in your heart
With the venomous kiss you gave me
I'm killing loneliness (Killing loneliness)
With the warmth of your arms you saved me,
Oh, I'm killing loneliness with you
The killing loneliness that turned my heart into a tomb
I'm killing loneliness
Nailed to a cross, together
As solitude begs us to stay
Disappear in the lie, forever
And denounce the power of death over our souls
As secret words are said to start a war
With the venomous kiss you gave me
I'm killing loneliness (Killing loneliness)
With the warmth of your arms you saved me,
Oh, I'm killing loneliness with you
The killing loneliness that turned my heart into a tomb
I'm killing loneliness
I'm killing loneliness
With the venomous kiss you gave me
I'm killing loneliness (Killing loneliness)
With the warmth of your arms you saved me
Oh, I'm killing loneliness with you
The killing loneliness that turned my heart into a tomb
I'm killing loneliness
I'm killing loneliness with you
Killing loneliness with you
Killing loneliness with you
Killing loneliness
Killing loneliness
