

The Way I Am

Lost Dog Street Band

Iâ€™ve got a short fuse lord my cannonâ€™s loose
and I hate myself everyday thatâ€™s dealt that I couldnâ€™t comfort you
I wish I could promise this was my last time
But iâ€™m a bitter man and i donâ€™t understand why in the hell Iâ€™m cryinâ€™
It was a cold December and I still see her in my head

Donâ€™t ever say I didnâ€™t love you everyway that I knew how
Iâ€™ll drag you down itâ€™s just the way I am
Iâ€™ll cut you down anyway I can

I was a dirty kid on a corner drinkinâ€™ a box of wine
I was young and dumb and getting spun, lord for the hundredth time
I was a glutton for pain I was a runaway train
So I rolled a dice for a better life and stepped out in the rain
Thought that I would walk forever, I will walk forever

Donâ€™t ever say I didnâ€™t love you everyway that I knew how
Iâ€™ll drag you down itâ€™s just the way I am
Iâ€™ll cut you down anyway I can

It was a cold December and I will walk forever

Donâ€™t ever say I didnâ€™t love you everyway that I knew how
Iâ€™ll drag you down itâ€™s just the way I am
Iâ€™ll cut you down anyway I can
