

Still

The Booth Brothers

Waking to a dawn of uncertainty
Clouds of fear linger like the night
A day that feels so cold and dark and desperate
But I know where to find the light
I pick up the timeless, the truth that will remain
And read what will never change

Still God is on His throne
The Bible is His word
The gospel changes lives
And every prayer is heard
His plans could never fail
Not even one detail
His purpose will prevail
He was, He is, He will

Still

And to every life disappointments come
Sometimes we're like a string of stormy days
We can learn to look beyond the moment
And see what's yet to be with eyes of faith
When we look for the eternal hope rises like the sun
So trust no matter what's to come

Still God is on His throne
The Bible is His word
The gospel changes lives
And every prayer is heard
His plans could never fail
Not even one detail
His purpose will prevail
He was, He is, He will

Still

Still He takes care of His children
And He inhabits their praise
Still He calls all men to trust Him
And still He'll come again someday

Still God is on His throne
The Bible is His word
The gospel changes lives
And every prayer is heard
His plans could never fail

Not even one detail
His purpose will prevail
He was, He is, He will
Still
I'm holding to the truth
