

Bruce Wayne

Trent Crews

said i want it all
keys to the city
driving fast cars
try to keep up with me
cus i be on my bruce wayne
bruce bruce wayne
bruce wayne
yeah i be on that
ain't stoppin at all
I'm always on my job
my signal in the sky
i'm shining like a boss
cus i be on my bruce wayne
bruce bruce wayne
bruce wayne
yeah i be on that bruce wayne
black shades black top suit lookin dapper
black card anything you want yeah i got ya
but you already know that i'm already on that
i be signing checks with a whole bunch of zeros
front page news once again i'm the hero
you can keep on playin
i know you really wanna be me
ain't nothing that can take me down
i'm ridin out, pushing heat to the ground
i'm a let you know what it really is
said i want it all
keys to the city
driving fast cars
try to keep up with me
cus i be on my bruce wayne
bruce bruce wayne
bruce wayne
yeah i be on that
ain't stoppin at all
I'm always on my job
my signal in the sky
i'm shining like a boss
cus i be on my bruce wayne

bruce bruce wayne
bruce wayne
yeah i be on that bruce wayne
i'm running through Gotham in my black mobile
i ain't thinkin about ya or give a damn how ya feel
but you already know that
i got that thing that make them come back
chase the joker down like he stole something from me
i see you robbing on the side we don't think shit from it
cus you can keep on running
but you know the dark knight is coming
can't nothing
can nothing take me down
i'm ridin out, pushing heat to the ground
so ya don't be confused what i'm talking about
sometimes i feel like the weight of the world is on my shoulders
sometimes i feel like i can't go on
people try to stop me
every door was closing
ain't no one believe me
but now i'm kicking them open
so this is the new me
patient but hungry
said i want it all
keys to the city
driving fast cars
try to keep up with me
cus i be on my bruce wayne
bruce bruce wayne
bruce wayne
yeah i be on that
ain't stoppin at all
I'm always on my job
my signal in the sky
i'm shining like a boss
cus i be on my bruce wayne
bruce bruce wayne
bruce wayne
yeah i be on that bruce wayne
