Crosby, Stills, Nash & Young

Triad

By David Crosby

Performed on the Crosby, Stills, Nash & Young album "4 Way Street"

You want to know how it will be
Me and her or you and me
You both sit there with your long hair flowing
Your eyes alive, your minds are still growing
Saying to me what can we do now that we
Both love you -- I love you too
But I don't really see, why can't we go on as three
You are afraid, embarrassed too, no one has ever in your sweet short life child

Said such a thing to you
Your mother's ghost stands at your shoulder
Got a face like ice -- just a little colder
Saying you can not do that it breaks all the rules
You learned in school
But I don't really see, why can't we go on as mmm three
You know we love each other it's plain to see
There's just one answer comes to me
Sister lovers -- some of you must know about water brothers
And in time maybe others
So you see what we can do
Is to try something new - that is if you're crazy too
But I don't really see, why can't we go on as three
