

# Don't Burn the Witch

## Oi Polloi

Put to death in flames and smoke  
You were used as a scapegoat  
Troubles blamed upon the witch  
When they should've really burned the rich No! Don't burn the witch  
Burn, burn the rich! Get down on your knees in their church  
You refused and worshipped the earth  
They tried to stamp out all you stood for  
Wise woman power and herbal lore "Thou shalt not suffer a witch to live" Inquisition in the middle ages  
Phallocentric Christian outrages  
There are those who'd bring back those days  
Don't let the right-wing Christian nutters have their way No! Don't burn the witch  
Burn, burn the rich!
