

Such a Rush

Young Bo

Such a rush to do nothing at all
Such a fuss to do nothing at all
Such a rush to do nothing at all
Such a rush to get nowhere at all
Such a fuss to do nothing at all, such a rush
And it's just like you said, it's just like you said
Such a rush to do nothing at all
Such a fuss to get nowhere at all
Such a rush, such a rush
And it's just like you said, it's just like you said
Just slow down please
Just slow down
Just slow down please
Just slow down
Such a rush, such a rush
Such a rush, such a rush
Such a rush, such a rush
Look at all the people going after money
Far too many people looking for their money
Everybody's out there, trying to get money
Why can't you just tell me try to get money, rush
Such a rush, they all rush, such a rush
Such a rush, such a rush, such a rush
Such a rush, such a rush, such a rush
