

Crucified

Army of Lovers

I'm crucified
Crucified like my Saviour
Saintlike behavior
A lifetime I prayed I'm crucified
For the holy dimension
Godlike ascension
Heavens away I've seen the deepest darkness
And wrestled with Gods
Ride the noble harness
Raining cats and dogs I stand before my Maker
Like Moses on the hill
My Guinness record braker
I abide your will The first of reciter
I saw eternal light
Best of vocal fighter
Beyond human sight Where thorns are a teaser
I've played a double jeu
Jerusalem at Easter
I cry I pray mon Dieu
I cry I pray mon Dieu I'm crucified
Crucified like my Saviour
Saintlike behavior
A lifetime I prayed I'm crucified
For the holy dimension
Godlike ascension
Heavens away Prophets I've been reading
Stories I've been told
Before I end my breathing
I travel in the soul Where thorns are a teaser
I've played a double jeu
Jerusalem at Easter
I cry I pray mon Dieu
I cry I pray mon Dieu
I cry I pray mon Dieu
Adieu mon Dieu I'm crucified
Crucified like my Saviour
Saintlike behavior
A lifetime I prayed I'm crucified
For the holy dimension

Godlike ascension
Heavens away I'm crucified
For the holy dimension
Godlike ascension
Heavens away I'm crucified
Crucified like my Saviour
Saintlike behavior
A lifetime I prayed I'm crucified
For the holy dimension
Godlike ascension
Heavens away
