Swollen

Tonikom

Hey chew-toy head, you're swollen and disfigured
If I stretch out your face, do you feel any bigger?
If I
piss in your eyes will you, will you see
That you think that you are so much better than me?
Why are my lips so...
Why... are my... are my...
Why... are my lips so swollen?
Hey chew-toy head, you're broken and disfigured
Circus sideshow freak grows bigger and bigger
If I piss in your mouth, will you taste in me

Or do you still think you are so much bigger than me?
Why are my lips so...
Why... are my... are my...
Why.... are my lips so swollen?
Hey chew-toy head, I'm spoiled and disfigured
I pissed in my pants and I don't feel any bigger
I let out the freak, for all to see
And she won't let you think that you're so much better than me
Why are my lips so...
Why... are my... are my...
Why.... are my lips so swollen shut... shut... shut
