Parade

Lifer

It's raining
I know you think that everyone is looking at you
Why do you think that everyone is looking at you?
You think it's funny?
Well, I'm starting to, you better get in
It's raining on your parade
You better get back inside
Before the big one comes and
Washes us all away
I know you think that everyone is looking at you
Why do you think that everyone is looking at you?
You think you're stunning?
Well, I'm stunning, too, you better get in
It's raining on your parade
You better get back inside
Before the big one comes and
Washes us all away

When the sun shines and dries up all the rain
It's all the same, it's all the same, does it matter?
And if it doesn't shine and take away the blame
Then it's not the same, it's not the same
And you wanted this, another point of view
And then I saw another side of you
Roses turn black when I'm blue
Fuck me? Well, fuck you, too
It's raining on your parade
You better get back inside
Before the big one comes and
Washes us all away
And when the sun shines and dries up all the rain
It's all the same, it's all the same, does it matter?
And if it doesn't shine and take away the blame
Then it's not the same, it's not the same
