

Let the Flames Begin (Live at Red Rocks)

Paramore

What a shame
We all became such fragile, broken things
A memory remains just a tiny spark I give it all my oxygen
So let the flames begin
So let the flames begin
Oh glory, oh glory This is how we'll dance when
When they try to take us down
This is what will be, oh glory Somewhere weakness is our strength
And I'll die searching for it
I can't let myself regret, such selfishness My pain and all the trouble caused
No matter how long
I believe that there's hope Buried beneath it all and
Hiding beneath it all and
Growing beneath it all and This is how we'll dance when
When they try to take us down
This is how we'll sing, oh This is how we'll stand when
When they burn our houses down
This is what will be, oh glory Reaching as I sink down into light
Reaching as I sink down into light This is how we'll dance when
When they try to take us down
This is how we'll sing, oh This is how we'll stand when
When they burn our houses down
This is what will be, oh glory
