INSERT COIN

Do yourself a favor and build up some emotion
just make sure to think out all your telepathic questions
file through your love life, and fill in all the holes
make up some incentive, to give something to show
lace em up and walk up straight in military fashion
cross at 6th and lower 5th for the nearest location
if you need an answer from the all knowing hooker
donâ€™t think twice, have no fear
just insert a coin right here

just insert a coin right here

So fill me up, no feel me up with all your latest culture
now beam me up, beam me up with all your latest culture
take a shot and make it hurt with what you got to tell me
i asked her first so tell me first, no way you can destroy me
lace em up and walk up straight in military fashion
cross at 6th and lower 5th for the nearest location
if you need an answer from the all knowing hooker
donâ€™t think twice, have no fear

just insert a coin right here

just insert a coin right here

chemical reaction you better burn it down son
uh oh now father says you better find a way son
tearing through the woods for a better earth relation
donâ€™t make me laugh, donâ€™t make me laugh
you need a better story man
lace em up and walk up straight in military fashion
cross at 6th and lower 5th for the nearest location
if you need an answer from the all knowing hooker
donâ€™t think twice, have no fear
just insert a coin right here

donâ€™t think twice, have no fear
just insert a coin right here (4)
