

Show Her the Way

Michael Bolton

You can't deny it
When that once in your life
Comes that one of a kind Once she's inside it
She can shake up your heart
She can make up your mind Everything in your life will change
When your love is your best friend
My advice to you is make no mistake
If ya never want this feelin' to end [Chorus]
Show her the way she makes you love her
Show her the way she makes you feel
Let your emotions roll like thunder
You gotta let her know
You'll never let her go
Show her the way Now love is for dreamers
Funny thing about dreams
Any moment they're gone
And love is the teacher
About makin' it last, about keepin' it strong Promise the moon and stars
Swear the best is yet to come
But promises are not what it takes
To keep the flame forever young All you really need to show
Is everything she needs to know [Chorus: x2] Show her, gotta show her, just show her the way (X3)
Show her the way
