

# Come With Me

Jay Sean

Yeah, yeah, when I wake up in the morning I see  
Everybody's looking at me  
Whispering and talking, pointin' fingers at me  
What is it that they want me to be  
Can't keep up this fight no more  
Won't keep up this fight no more So I run to my world, my world, my world  
Where I can do what I want and be free to be myself  
I gotta run to my world, yeah, yeah, my world  
'Coz I ain't comfortable with trying to be somebody else I gotta get away from this crazy life  
Get away from the hype  
Get away from this, two and two makes five  
So just take a look beyond what they see  
Maybe you will realize  
So come with me on my roller-coaster ride When you go to sleep at night you dream  
Of all the things you've always wanted to be  
But when you wake up in the morning you see  
That everything is out of your reach  
Can't keep up this fight no more  
Won't keep up this fight no more So you run, your world, your world  
Where I can do what I want and be free to be myself  
You gotta run to your world, your world  
'Coz I ain't comfortable with trying to be somebody else, no I gotta get away from this crazy life  
Get away from the hype  
Get away from this, two and two makes five  
So just take a look beyond what they see  
Maybe you will realize  
So come with me on my roller-coaster ride Come with me  
Let me show you all the things you don't see  
Come with me  
If you don't already know This life you see  
Is so different on the inside  
If you come with me  
Let me know, yeah Gotta get away from this crazy life  
Get away from the hype  
Get away from this, two and two makes five  
So just take a look beyond what they see  
Maybe you will realize  
So come with me on my roller-coaster ride I gotta get away from this crazy life  
Get away from the hype

Get away from this, two and two makes five  
So just take a look beyond what they see  
Maybe you will realize  
So come with me on my roller-coaster ride I gotta get away from this crazy life  
Get away from the hype  
Get away from this, two and two makes five  
So just take a look beyond what they see  
Maybe you will realize  
So come with me on my roller-coaster ride
