Vicious Ones

Complete Control

they said
we are the enemies
and i know
that we can fight
or let it be
cause we are the prisoners here
in a life full of walls
will you see it thru
cause i'm tired of hope
cause it carries no weight
and if we are the ones
then what do we need to dowere the vicious oneswe are
the leaders of the free
now lock up
there thoughts of liberty
cause we are the heroes ere
and we'll control what you say and do
i'll tell the world
that we saved your lives
so if the truth is voiced
no one hears youwe are the prisoners here
and we'll control what we want to do
so tell the world
that people rose up
and took back what silence couldn't do
