

Mango Tree (Featuring Sara Bareilles)

Zac Brown Band

Waiting for the sunlight
To come rising from the sea
We lay undercover
Shaded by the mango tree
We could stay forever
Never leave this paradise
Swaying in the ocean breeze
To the rhythm of the tide Tomorrow, oh tomorrow
Take your time, 'cause we got
Time to borrow I love you
Say that you love me too
And we can turn the
Whole world upside down
Just us two
Nobody else will do
'Cause baby, you're the
Only one for me
Underneath the mango tree Drifting like the ocean
Daydreams dancing in the wind
Sand is sticking to our bodies
Just like sugar on our skin
The day is getting older
Oh, but we are still so young
Higher than the stars above
And faded like the sun Tomorrow, oh tomorrow
Take your time, 'cause we got
Time to borrow I love you
Say that you love me too
And we can turn the
Whole world upside down
Just us two
Nobody else will do
'Cause baby, you're the
Only one for me
Underneath the mango tree I love you
Say that you love me too
And we can turn the
Whole world upside down
Just us two

Nobody else will do
'Cause baby, you're the
Only one for me
baby, you're the
Only one for me
Underneath the mango tree
