Grinfucked

DevilDriver

Lights on but no one's home
I should've left you alone
You can't stand the heat,you're all alone
YEEAAAA!!!
Horseshoes & Hand Grenades
Coulda,woulda,shoulda your bed is made
Another man down & goneTake advantage,manipulate
Take advantage,you piece of shitGrinfuck
Debt paid in full!
You won't Grinfuck me!This time the advantage is mine
This time vengeance is mine
Come seeking treasure
Without a map
It's in the journey & you'll never find your way backTake advantage,manipulate
Take advantage,you piece of shitGrinfuck
Debt paid in full!
You won't Grinfuck me!Drop down!
Fool me once-shame on you
Fool me twice-shame on me
You've been Grinfucked
