Some Place

Nick Waterhouse

There's some place that I'd rather be
It's something been on my mind almost constantly
Some place I don't expect you to understand
People talk to me and I know they don't comprehendThere's someplace, I swear it's not in my mind
But it's somewhere I been trying so hard to find
Some place, I know it's not quite clear
A place I can only say that it's not right here ...
