[Verse 1: 2 Chainz]
I keep my hoes in check, you buy Nike for yours
Say they want that loud, I'mma bring that noise
Check my watch on a flight, yeah, I call that airtime

Yeah, you gon' respect mine, got a body on my Tec-9
Say you nobody 'till somebody gon' body you, flatline (BOW)
Pocket full of dead guys and you know I'm anti
Anti-social, anti-labor, anti-cool nigga, ain't I?
You looking at a star that's phased out, trying to take my style then take off
I go to work with no days off, everything I own paid off (Tru)
Shawty pussy hair shaved off and she did it just for me, nigga
Would skip you like a spacebar, but I much rather delete niggas (DAMN)[Hook: 2 Chainz]
I've been getting money, where the f*ck you been? (Hold up)
I've been getting money, where the f*ck you been? (Turn up)
I've been getting money, where the f*ck you been? (Yeah)

If you wrote a autobiography you'd have to sue yourself
You lying ass, codeine in my wine glass
I know you had a wild past, I ain't f*cked you in a while with your wild ass
I get high and I fly past, I don't know nothing 'bout iChat
I work in this iPhone they need an app called iTrap
I trap, shining like a night lamp
I just hit my girlfriend and asked her where her wife at (tell 'em)
White cup, white hat, laying on a white couch (Tru)
Got that presidential and a residential white house
Nigga saying "who?" (who) like a white owl

My destiny nigga to get all this money
