

She Waits For Me

Cinema Bizarre

Two weeks have passed
Since she last asked me for an answer
And I'm sorry now
But thinking back I thought that Maybe I could please you but I can't so now
I made your bed while you were in the shower
I guess I think at a hundred miles an hour And any minute she'll be back
To ask me if I got the answer now Still she waits for me
Still she waits for me Miss independent, you've got everything you need
To make it on your own
You say you're happy but I know that
You're still waiting on the telephone We started out when everything was easy
But you're still thinking about the way we could have been
Two weeks have passed since she last asked me
For an answer and I'm sorry now Still she waits for me
Still she waits for me
Still she waits for me
Still she waits for me I'm putting pressure on my wounds
To stop the bleeding but I'm passing out
Can't ask me back or make me better
You're the devil and you bring me down Don't want to tell you about the way I really feel
But you're still pushing a heart that's only made of steel
And any minute you'll be back
To ask me if I got the answer now Still she waits for me
Still she waits for me
Still she waits for me
Still she waits for me
