

If You Be My Baby

Fleetwood Mac

If you be my baby
I tell you what I'll do
Give you so much lovin'
You just gotta love me tooIf you be my baby
If you be my baby
Lord, if you be my baby
I'm the one who'll make you satisfiedNow listen to me, baby
What I'm talkin' 'bout
Now you got something, woman
Makes a dumb man scream and shoutIf you be my baby
Yeah, if you be my baby
If you be my baby
I'm the one who'll make you satisfiedNow I'm lookin' for a woman
That ain't never done no wrong
She'll cook my meals in the day time
And love me all night longIf you be my baby
Yes, if you be my baby
Lord, if you be my baby
I'm the one who'll make you satisfied
