Jekyll and Hyde

GTR

I hear thunder from the mountain
Trying to split my personality
I see burning on the hillside
Darkness till the break of dayThe wind that blows
A dog that bites
Recurring dreams
Another nightUnderground through the marshes
Got to keep the hounds at bay, I know
Can't move, my feet are frozen
There's a pounding in my headThe horn that sounds
I'm through the door
My body's trembling
Turn on the lightIs the mirror lying?
I must decide
If I'm Dr. Jekyll
Or Mr. HydeIs the mirror lying?
I must decide
If I'm Dr. Jekyll
Or Mr. HydeIs the mirror lying?
I must decide
If I'm Dr. Jekyll
Or Mr. HydeIs the mirror lying?
I must decide
If I'm Dr. Jekyll
Or Mr. Hyde
