

# Outta My Mind

B.SLADE

uh

outta my mind, (so sick) i'm outta my mind  
outta my mind, (so sick) i'm outta my mind  
outta my mind, (so sick) i'm outta my mind  
outta my mind, (so sick) i'm outta my mind  
outta my mind, (so sick) i'm outta my mind  
outta my mind, (so sick) i'm outta my mind  
outta my mind, (so sick) i'm outta my mind  
outta my mind, (so sick) i'm outta my mind

wait

take a second to respect the perspective  
my whole perceptions the method: expect the unexpected  
poverty stricken naked  
non-believers can guess it  
second they on they knees, and get necking off on me till they strepted  
weapon - hand the debit  
web it, man and kept it  
separate van, and spread it, slit his man, and wet his fam, intrepid  
f-it, catch it, wretched, sketch it, fetch it, sketch it  
i'm a liar liar with the mask fuck a pet detective!  
losing my cup of noodles, temper tantrums get brutal  
in the mood to pull out an uzi on a fuckin' poodle  
cameras watching me like i'm something to do  
now they get it, admit

"so i'm spittin that shit" stick your tongue in doo-doo  
like my life and career's been under vu-doo  
i broke the hex, and wrote the checks, the coke connect should think i'm bluffin google-me  
ho-hold, no hamo, how humble i can be?  
i been watching mtv all my life, now mtv watching me

see

nobody knows what went wrong with me  
somebody tell me what the fuck is wrong with me  
this isn't the life i was born to see  
what the fuck is wrong with me (with me)  
outta my mind, (so sick) i'm outta my mind

outta my mind, (so sick) i'm outta my mind  
outta my mind, (so sick) i'm outta my mind  
outta my mind, (so sick) i'm outta my mind

ah  
what the what went wrong with me  
mommy why you stop calling me?  
why these police keep walling me?  
why these bitches keep stalling me?  
when ain't nothing gonna follow me  
where the fucks my apology!  
for putting me through such awkward psychology  
wasn't for grandma i'd be dumb and dead  
ha, light and skinny onion head  
wanna keep me fed till her bunions bled  
sweetest, i'm cheated and treated like i'm under dead  
spit on after shit on, till i'm hit on, i want the meds  
and all they hear is some addict a functioning junkie  
maybe not, cause i grew with thoughts that no mother would want me  
maybe not, cause i watched them abused the drugs right in front of me  
couple pills ain't gonna kill me  
couple blunts ain't gonna hunt me!  
couple cups ain't gonna fill me  
couple chumps ain't gonna chill me  
now i'm stuck to get bucked for these couple bucks, you feel me  
the only couple for me, madison and mckenzie  
pay me, fuck a relationship lady, let me get busy  
shit  
nobody knows what went wrong with me  
somebody tell me what the fuck when wrong with me  
this isn't the life i was born to see  
what the fuck is wrong with me (with me)  
outta my mind, (so sick) i'm outta my mind  
outta my mind, (so sick) i'm outta my mind  
outta my mind, (so sick) i'm outta my mind  
outta my mind, (so sick) i'm outta my mind  
outta my mind, (so sick) i'm outta my mind  
outta my mind, (so sick) i'm outta my mind
