Judas

Until the End

Illusions of growing up.
Your world is falling down.
Beliefs you once held true, lie six feet underground.
You can kiss your dreams goodbye.
Weakness dedicates your fate.
You forgot the promise.
You promised wouldn't break.
Left plagued with addictions, on the road to death.
One thousand sleepless night, a life time of regret.
I won't forget. I put my faith in you, and you let me down.
