

# Dreams Collide

Colbie Caillat

I am stuck here  
In a moment  
And I'm trying to pretend  
So, I'll play this feeling over and over again  
Idle on this memory  
Maybe I should wake instead  
But I'm on my way to go back  
Inside my head  
I close my eyes  
And try to hide  
But wake when these dreams collide  
So I'll put this all on repeat  
And I'll make up what comes next  
Now I'll lay here day dreaming  
On your chest  
I close my eyes  
And try to hide  
But wake when these dreams collide  
When it all breaks down  
If I keep on wasting all my time  
All alone in my head  
Wish I never thought about it in the end  
I close my eyes  
And try to hide  
But wake when these dreams collide
