

# Eaten

## Spunk

I've had one desire since I was born  
To see my body ripped and torn  
To see my flesh devoured before my eyes  
I'm here for you, I volunteer as a human sacrifice[Chorus]  
    Carve me up, slice me apart  
    Suck my guts and lick my heart  
    Chop me up, I like to be hurt  
    Drink my marrow and blood for dessert  
    EATEN...  
    My one desire, my only wish is to be-  
    EATEN...  
The longer I live the more I'm dying to feel the pain  
    EATEN...  
    I would do anything to be-  
    EATEN...  
    My one desire, my only wish is to be-  
EATEN...I finally found you, my personal slaughter  
    As an appetizer,I let you taste my daughter  
    Call me sick but this is what I need  
    My only purpose here is for you to feed[Chorus]  
    Carve me up, slice me apart  
    Suck my guts and lick my heart  
    Chop me up, I like to be hurt  
    Drink my marrow and blood for dessert  
    EATEN...  
    My one desire, my only wish is to be-  
    EATEN...  
The longer I live the more I'm dying to feel the pain  
    EATEN...  
    I would do anything to be-  
    EATEN...  
    My one desire, my only wish is to be-  
EATEN...Desecrate me  
    Tear me limb from limb  
    Eviscerate me  
    Chew me to deathEATEN...  
    My one desire, my only wish is to be-  
    EATEN...  
The longer I live the more I'm dying to feel the pain

EATEN...

I would do anything to be-

EATEN...

My one desire, my only wish is to be-

EATEN...
