Shotgun

Sabaton

The dark compulse me everyday
The countdown has begun
I am your master, number one
Realizing painI was holy in the underworld
To live by Satan's will
A creature of unholy pain
Vengeance is my nameI walk alone the path of evil
I'm Satan's number one
Taste my fury, take my vengeance
Now it's time to dieI'm bringing out the shotgun!
Ha ha ha!I am a breaker of this world
Destruction is my name
Bringing pain and infamy
Into the face of manI walk alone the path of evil
I'm Satan's number one
Taste my fury, take my vengeance
Now it's time to dieI'm bringing out the shotgun!
Ha ha ha!The darkened haunts me everyday
The countdown has begun
I am your master, number one
Realizing painI walk alone the path of evil
I'm Satan's number one
Taste my fury, take my vengeance
Now it's time to dieI'm bringing out the shotgun!
Ha ha ha!I'm bringing out the shotgun!
