

Music (An Echo Deep Inside)

Gigi D'Agostino

Music was my first love
And it will be my last
Music of the future
And music of the past
And music of the past
And music of the past
And music of the power Ooh ooh eeh eeh ooh ooh eeh eeh
Ooh ooh ooh ooh music Music was my first love
Music was my first love
Music music music music music
Music was my first love
Music was my first love
Music music music music music Music was my first love
And it will be my last
Music of the future
And music of the past
To live without my music
Would be impossible to do
In this world of trouble
My music pulls me through
