Alone, a Fool

The Thermals

when i have you near, when i have you near i'm alone
when i have you close, i miss you the most i'm alone
i have you in the past, long at the memories will lastwhen i'm by myself, you're with someone else i'm a fool
when i'm by your side, i'm nowhere in your mind, i'm a fool
you're always in my head, you're always in my head, i'm a fool
