# Love Will Come Through

## Travis

If I told you a secret you won't tell a soul
Will you hold it and keep it alive
'Cause it's burning a hole and I can't get to sleep
And I can't live alone in this lifeSo look up, take it away
Don't look da-da-da-down the mountain
If the world isn't turning your heart won't return
Anyone, anything, anyhowSo take me, don't leave me
Take me, don't leave me
Baby, love will come through
It's just waiting for youAnd you stand at the crossroads of highroads and low roads
And I've got a feeling it's right
If it's real what I'm feeling and there's no make believing
The sound of the wings of the flightOf a dove, take it away
Don't look da-da-da-down the mountain
If the world isn't turning your heart won't return
Anyone, anything, anyhowSo take me, don't leave me
Take me, don't leave me
Baby, love will come through
It's just waiting for youOh, look up, take it away
Don't look da-da-da-down
If the world isn't turning your heart won't return
Anyone, anything and anyhowSo take me, don't leave me
Take me, don't leave me
Baby, love will come through
It's just waiting for youLove will come through
Love will come through
Love will come through
