

# Jessica Kill

## Sum 41

Oh my love, how do I explain  
How I've come to feel this way?  
I'm addicted to the pain  
Even more than words can say  
Every hit hurts like your kiss  
Like a needle to a vein  
My last words of this begin  
I want you  
She said, you don't even know  
About just how much I need it  
How far will you go?  
(I just want to feel you cum)  
You make me so crazy but I'm okay  
Just pain me and take it very slow  
'Cause I'm in love tonight  
So now that it has come to this  
I'll be your dirty little thrill  
For the world I wouldn't miss  
'Cause I just wanna feel you kill  
Self-inflicted masochist  
How could anyone resist?  
My last words of this begin  
I want you  
She said you don't even know  
About just how much I need it  
How far will you go?  
(I just want to feel you cum)  
You make me so crazy but I'm okay  
Just pain me and take it very slow  
'Cause I'm in love tonight  
Tell me the difference between love and death  
You feel them both as they take your breath  
Tell me the difference between love and death  
You feel them both as they take your breath  
And all of this comes to an end  
But I cannot resist your death  
She said, you don't even know  
About just how much I need it  
How far will you go?

(I just want to feel you cum)  
You make me so crazy but I'm okay  
Just pain me and take it very slow  
'Cause I'm in love tonight  
She said, you don't even know  
About just how much I need it  
How far will you go?  
(I just want to feel you cum)  
You make me so crazy but I'm okay  
Just pain me and take it very slow  
'Cause I'm in love tonight
