

Splitting the Atom (feat. Horace Andy)

Massive Attack

The baby was born
Nettles and Ferns
The evening it chokes
The candle it burns
This disguise covers
Bitter lies
Repeating the joke
The meaning it dies
Pass me a coat I'm not afraid to leave
I'm letting you know
I know what you need
I'll turn you around
This beautiful town
And then you'll believe it when your eyes then deceive you
Its easy, don't let it go
Its easy, don't let it go
Its easy, don't let it go
Don't Lose It
Its getting colder outside
Your rented space
They shadow box and they
Paper chase
It never stops
And we'll never learn
No hope without dope
The jobless return
The bankers have bailed
The mighty retreat
The pleasure it fails
At the end of the week
You take it or leave
Or what you receive
To what you receive
Is eternited leave
Its easy, don't let it go
Its easy, don't let it go
Its easy, don't let it go
Don't lose it
