

The Rock Of Your Love

Kenny Rogers

The Rock Of Your Love
I lose myself in this place
The strangest smile on my face
And the hand of blessing, for beginners love
Here I stand, on the Rock of your love
Something steady, sure feels good
I always new, somehow it would
I traded changing for the wings of a dove
Standing on the Rock of your love
Chorus: Let the storm clouds roll
Let the rain flood my soul

I'll still be here when the troubles come
And I'll be standing on the Rock of your love
When this old world, faces away
If I got you, I'm not afraid
And I will face what ever comes
Cause I'll be standing on the Rock of Your Love
Chorus: Let the storm clouds roll
Let the rain flood my soul
I'll still be here when the troubles come
And I'll be standing on the Rock of Your Love
And I'll still be here when the troubles come
And I'll be standing on the Rock of Your Love
