

Stay in the Dark

The Band Perry

Here we are in this moment
Eyes closed
Where we going?
Here I am with my arms wide open
Go 'head, close the curtains
I don't care where we'll end up
Right now, let's be in love
Here I am with my heart wide open
Go 'head, close the curtains Lately, things been getting so crazy
I'm feeling like my heart hates me
It's blazing
I just wanna stay in the dark
Turn off all the lights
Come hold me tight
Where we going?
I just wanna stay in the dark
Turn off all the lights
Come hold me tight
And get me going
I just wanna stay in the dark Oh, it feels so good tonight
Yeah
I just wanna stay in the dark Who knows what we're missing
It's our world
It's our business
Here I am, I'm with you on a mission
We ain't got tunnel vision
Lately, things been getting so crazy
I'm feeling like my heart hates me
It's blazing I just wanna stay in the dark
Turn off all the lights
Come hold me tight
Where we going?
I just wanna stay in the dark
Turn off all the lights
Come hold me tight
And get me going
I just wanna stay in the dark Oh, it feels so good tonight
Yeah
I just wanna stay in the dark

Oh, it feels so good tonight
Yeah
I just wanna stay in the darkNo, I can't sleep
No, I can't speak
Feel my heartbeat
Hey, hey, hey
No, I can't speak
No, I can't sleep
Feel my heartbeatI just wanna stay in the dark
Turn off all the lights
Come hold me tight
Where we going?
I just wanna stay in the dark
Turn off all the lights
Come hold me tight
And get me going
I just wanna stay in the darkNo, I can't speak
No, I can't sleep
Yeah
I just wanna stay in the dark
No, I can't speak
No, I can't sleep
Yeah
I just wanna stay in the dark
