

# Holidays

## The Beach Boys

This always happens to me  
Just when I feel happy  
They go and turn on me again  
The same thing every time  
I go out on a line  
Everyone else turns out fine  
Holidays are all the same  
Always have myself to blame  
Don't want to feel this way again  
When it's a day of days  
I go into a craze  
My head and body feel malaise  
Holidays are all the same  
Always have myself to blame  
Don't want to feel this way again
