

# Some Other Day, Some Other Time

**Joe Bonamassa**

Every time I wanna hold you  
Every time I wanna kiss you  
You just say HEY! Hey baby  
Some other day, some other time Every time we go out dancing  
Every time I want romancing  
You just say HEY! Hey baby  
Some other day, some other time Ooh what's the matter baby, tell me what's wrong  
Why you treat me this way? Ohh I love you baby  
You know you belong right in my arms to stay Tell me why you keep on teasing  
Ooh give me one good reason  
You just say HEY! Hey baby  
Some other day, some other time What's the matter baby, tell me what's wrong  
Why you treat me this way? Ohh I love you baby  
You know you belong right in my arms to stay Tell me why you keep on teasing  
Ooh give me one good reason  
You just say HEY! Hey baby  
Some other day, some other time  
Some other day, some other time  
Some other day, some other time  
Some other day, some other time
