

# My Heart Won't Lie

## Oleta Adams

People say we look good together  
In their eyes you're my ideal  
You've got so many things going for you  
But there's one thing that can't be concealed  
When we're alone I can't feel the emotion  
That'll bring me close to you  
I don't know why, but I've got the strongest notion  
That it's not that easy to do  
'Cause my heart won't lie  
It's no good to even try  
Don't ask me why, my baby  
But my heart won't lie  
When I'm with you, baby, I'm a chameleon  
I'm the master of disguise  
Foolin' everyone about my feelings  
But I think I've just realized that  
Somewhere inside is a hidden treasure  
And someone who holds the key  
Everyone told me that I could do much better  
They said he's not the one for me  
But my heart won't lie  
It's no good to even try  
Don't ask me why, my baby  
But my heart won't lie  
No my heart won't lie  
It's no good to even try  
Don't ask me why, no no no no  
'Cause my heart won't lie
